PART THREE

How the Holy See/Catholic Church users her Power to Conquer Nations

“The Americans, with few exceptions, do not pay any attention to the dark cloud which is rising (has already risen) at their horizon, from Rome. Though that cloud is filled with rivers of tears and blood, they let it grow and rise without even caring how they will escape from the impending hurricane.”

“Long before I was ordained a priest, I knew that my church was the most implacable enemy of this Republic. My professors of philosophy, history, and theology had been unanimous in telling me that the principles and laws of the Church of Rome were absolutely antagonistic to the laws and principles which are the foundation-stones of the Constitution of the United States. Charles Chiniquy; ‘50 Years in the Church of Rome’ (abridged 1886 edition).

In terms of explaining the MO (modus operandi) used by the Holy See to subdue nations, the writer has decided to use the USA as an example — in order to illustrate how this once preeminent protestant nation has been taken over from within by The Holy See! From the days of its fragile founding by the Pilgrim Fathers it had been the deadly enemy of the RCC. The USA was taken over without a shot being fired and the confirmation of this event occurred in 1984. Furthermore, the MO in relation the USA is the blueprint, which the RCC has applied to virtually every nation upon the earth. So, in other words, the same methodology is generally applied to all nations with allowances for variations, as and where required.

Twenty years prior to Ronald Reagan’s election as President of the United States of America, a Vatican insider (ex-Jesuit priest) informed the world that when the Jesuits had completely taken over control of the American Christian Churches and had usurped authority within the American Government. A sign attesting to this fact would be when an American President (Ronald Regan — 2nd term) would be sworn into office facing toward the Washington Monument (an obelisk of the Masons). Jesuit

General, Jean-Baptist Janssens (September 15, 1946-October 5, 1964) bragged that he could place men of Jesuit education into the position of influence ANYWHERE he desired (www.Alemattec.com). We believe the official confirmation of the surrender of the USA to the Holy See; became a reality when Ronald Regan signed the executive order approving the exchanging of ambassadors and the establishing bi-lateral relation with the Holy See. This event occurred in 1984 (Regan was a Roman Catholic of Irish decent).

This act was the first official recognition of the Holy See in over 200 years. Not long after this, England followed suit and did the same, this event occurred whilst Margaret Thatcher was Prime Minister. Hence the two most powerful Protestant nations capitulated to the Holy See — which in effect was the death-knell of the once mighty Pro-Tes-Tant movement that arose hundreds of years before.

History Substantiates the Planned Takeover of the USA

We now turn to history to substantiate the supposition that the USA over time was purposefully infiltrated and neutralized from within by the RCC, using mainly the Jesuit order (ground troops). **The ex-Roman Catholic, priest, Charles Chiniquy; revealed in his classic book entitled ‘50 Years in the Church of Rome’** (abridged 1886 edition) exactly how this infiltration was initiated, wherein amongst many things he unpacked the Jesuit inspired strategy regarding the take-over of the USA. As we mentioned earlier in this document, the reader must keep in mind that the Holy See thinks and plans over hundreds of years...

Pic above right, taken out of a 1996 computer magazine which succinctly illustrates Papal Power over: Finance (credit/debit card) the World (smoking pipe) and Defense.

In terms of their political objectives, it is common practice for the Jesuits to raise-up, and back two, or more entities, seemingly with opposing political points of view. For example: the Republican and Democratic parties. Over time both of these parties have been thoroughly infiltrated — so it matters not to the Jesuits who actually win an election, because either party will end up doing the bidding of their Jesuit masters. Also, it is not unlike the Jesuits to raise-up certain so-call independent parties, the purpose of which is subterfuge.

Some quotes from ex-Roman Catholic priest Charles Chiniquy’s Book (Pages 288/9/90): Buffalo, in the spring of 1852. “But what was his disappointment, when he saw that the greatest parts of those priests were sent by the Bishops of the United States to oppose and defeat his plans!”

“Yes! Then, we will rule the United States and lay them at the feet of the Vicar of Jesus Christ, that he may put an end to their godless system of education and impious laws of liberty of conscience, which are an insult to God and man!” Vicar of Jesus Christ = Pope of the day.

"We are determined, like you, to take possession of the United States and rule them; but we cannot do that without acting secretly and with the utmost wisdom. If our plans are known, they will surely be defeated. What does a skillful general do when he wants to conquer a country? Does he scatter his soldiers over the farm lands, and spend their energy and power in ploughing the fields and sowing grain? No! He keeps them well united around his banners, and marches at their head, to the conquest of the strongholds, the rich and powerful cities. The farming countries then submit and become the price of his victory without moving a finger to subdue them."

"So it is with us. Silently and patiently, we must mass our Roman Catholics in the great cities of the United States, remembering that the vote of a poor journeyman, though he be covered with rags, has as much weight in the scale of power as the millionaire Astor, and that if we have two votes against his one, he will become as powerless as an oyster.

Let us then multiply our votes; let us call our poor but faithful Irish Catholics from every corner of the world, and gather them into the very hearts of those proud citadels which the Yankees are so rapidly building under the names of Washington, New York, Boston, Chicago, Buffalo, Albany, Troy, Cincinnati, etc. Under the shadows of those great cities, the Americans consider themselves a giant and unconquerable race. They look upon the poor Irish Catholic people with supreme contempt, as only fit to dig their canals, sweep their streets and work in their kitchens. Let no one awake those sleeping lions, today. Let us pray God that they may sleep and dream their sweet dreams, a few years more. How sad will their awakening be, when **with our out-numbering votes, we will turn them forever, from every position of honour, power and profit!**

What will those hypocritical and godless sons and daughters of the fanatical Pilgrim Fathers say, **when not a single judge (see pages 26, 49), not a single teacher, not a single policeman, will be elected if he be not a devoted Irish Roman Catholic?"**

"What will those so-called giants think of their matchless shrewdness and ability, **when not a single Senator or member of congress will be chosen, if he be not submitted to our holy father the Pope!** What a sad figure those Protestant Yankees will cut **when we will not only elect the President, but fill and command the armies, man the navies and hold the keys of the public treasury?** It will then be time for our faithful Irish people to give up their grog shops, in order to become the judges and governors of the land. Then, our poor and humble mechanics will leave their damp ditches and muddy streets, to rule the cities in all their departments, for the stately mansion of Mayor to the more humble, though not less noble position of teacher."

"When one knows the absolute, abject submission of the Irish Roman Catholics, rich or poor, to their priests, how the mind, the soul, the will, the conscience, are firmly and irrevocably tied to the feet of their priests; he can easily understand **that the Jesuits of the United States form one of the richest and most powerful corporations the world ever saw.** It is well known that those fifty Catholic millionaires, with their myriads of employees are, through their wives, and by themselves, continually at the feet of the Jesuits, who swim in a golden sea.

No one, if he be not a Roman Catholic, or one of those so-called Protestants who give their daughters to the nuns, and their sons to the Jesuits to be educated, has much hopes, where the Jesuits rule, of having a lucrative office in the United States today (1852)."

"It is to San Francisco that you must go to have an idea of the number of secret and powerful organizations with which the Church of Rome prepares herself for the impending conflict, through which she hopes to destroy the schools, and every vestige of human rights and liberties in the United States. In order to more easily drill the Roman Catholics and prepare them for the irrepressible struggle, the Jesuits have organized them into a great number of secret societies, the principal of which are: Ancient Order of Hibernians, Irish American Society, Knights of St. Patrick, St. Patrick's Cadets, St. Patrick Mutual Alliance, Apostles of Liberty, Benevolent Sons of the Emerald Isle, Knights of St. Peter, Knights of the Red Branch, Knights of the Columskill, The Secret Heart, ect. (Unquestionable the most powerful society in the US today (2015) is The Society of Columbus which has millions of loyal members)."

"Almost all these secret associations are military ones. They have their headquarters at San Francisco, but their rank and file are scattered all over the United States. They number several hundred thousand soldiers, who, under the name of U.S. Volunteer Militia, are officered by some of the most skillful generals and officers of this Republic. Another fact, to which the American Protestants do not sufficiently pay attention, is that the Jesuits have been shrewd enough to have a vast majority of Roman Catholic generals and officers to command the army and man the navy of the United States. Rome is in constant conspiracy against the rights and liberties of man all over the world; but she is particularly so in the United States."

"Long before I was ordained a priest, I knew that my church was the most implacable enemy of this Republic. My professors of philosophy, history, and theology had been unanimous in telling me that the principles and laws of the Church of Rome were absolutely antagonistic to the laws and principles which are the foundation-stones of the Constitution of the United States:

1st. The most sacred principle of the United States Constitution is the equality of every citizen before the law. But the fundamental principle of the Church of Rome is the denial of that equality.

2nd. Liberty of conscience is proclaimed by the United States, a most sacred principle which every citizen must uphold, even at the price of his blood. But liberty of conscience is declared by all the Popes and Councils of Rome, a most godless, unholy, and diabolical thing, which every good Catholic must abhor and destroy at any cost.

3rd. The American Constitution assures the absolute independence of the civil from the ecclesiastical or church power; but the Church of Rome declares, through all her Pontiffs and Councils, that such independence is an impiety and a revolt against God.

4th. The American Constitution leaves every man free to serve God according to the dictates of his conscience; but the Church of Rome declares that no man has ever had such a right, and that the Pope alone can know and say what man must believe and do.

5th. The Constitution of the United States denies the right in any body to punish any other for differing from him in religion. But the Church of Rome says that she has a right to punish with the confiscation of their goods, or the penalty of death, those who differ in faith from the Pope.

6th. The United States have established schools all over their immense territories, where they invite the people to send their children, that they may cultivate their intelligence and become good and useful citizens. But the Church of Rome has publicly cursed all those schools, and forbidden their children to attend them, under pain of excommunication in this world and damnation in the next.

7th. The Constitution of the United States is based on the principle that the people are the primary source of all civil power. But hundreds of times, the Church of Rome has proclaimed that this principle is impious and heretical. **She says that "all government must rest upon the foundation of the Catholic faith; with the Pope alone as the legitimate and infallible source and interpreter of the law."**

Page 297: "In a very near future, if God does not miraculously prevent it, those laws of dark deeds and blood will cause the prosperity, the rights, the education, and the liberties of this too confident nation to be buried under a mountain of smoking and bloody ruins. On the top of that mountain, Rome will raise her throne and plant her victorious banners. Then she will sing her Te Deums and shout her shouts of joy, as she did when she heard the lamentations and cries of desolation of the millions of martyrs burning in the five thousand auto-da-fes she had raised in all the capitals and great cities of Europe."

The devastating Irish potato famine of 1845 – 1852, was ultimately blamed upon British Government. However, recent DNA sequencing of plant specimens dating from the mid-19th century to identify the pathogen that led to the death of nearly 1 million people; and the mass emigration of another 2 million from Ireland by 1855 was found to be HERB-1, which had originated in the Americas (most likely in Mexico's Toluca Valley) sometime in the early 19th century — before spreading to Europe in the 1840s (Public Domain).

So, we see that the potato famine caused some two million Irish citizens to leave their motherland in search of a better life. The vast majority of these refugees settled in the USA.

Also, it is worth noting the date of the end of the famine in relation to the Buffalo gathering of priests (under the orders of their bishop's) that took place in the spring 1852. 1852 is given as the year wherein the famine officially ended. Therefore, is it not a coincidence that 1852 is the year when around two millions inhabitants of the land leave the country of their birth, and the ending of the famine? The writer believes the famine ended as such because with the departure of two million inhabitants the pressure on the food supply chain was drastically reduced.

Again! In all of this, can we not see the hand of the Jesuits and their ability to create upheavals in any given society for their desired outcome? We can be sure that the Jesuits and their business partners scored financially on many levels regarding the relocation of two million individuals.

Globally the Jesuits are the originators and the chief architects of the Trade Union movements via their communist affiliations. They are also the architects of the Liberation Theology concept; and to this end, were responsible for the decolonization of former British and French colonial countries throughout Africa. Most of these former colonies are today totally corrupt and bankrupt and cannot survive without foreign donor aid!

Zimbabwe is a prime example, whilst under the leadership of **devout Roman Catholic, Jesuit schooled and loyalist, Robert Gabriel Mugabe** — the country went from being the bread-basket of Central Africa to basket case status. Over the years, Mugabe has donated millions of dollars to the Holy See — hence his ability to fly in and out of Rome in spite of an EU travel bans. (Pic on left: Mugabe & wife talking to Francis)

The Zim\$ has no value whatsoever and had to be withdrawn from circulation and was replaced by US\$. Currently unemployment is running at around 80% of the population. Because of Mugabe's failed policies (land grabs, etc.) there are well over 4 million Zimbabweans residing in South Africa — of which over 4000 are in maximum security facilities owing to the extremely violent nature of their respective crimes — so much for helping your neighbour! Currently over three million Zimbabwean's are starving (forced to eat worms) and the Government is having to rely on urgent humanitarian assistance from the U.N. One can be pretty sure Mugabe does not sit down to a plate of worms in the evenings!

Mugabe, via his infamous 'Red (Filth) Brigade' slaughtered thousands, upon thousands of Matabele loyal to Joshua Nkomo. He should have been charged with genocide — but no! Thanks to his Jesuit affiliations that is never going to happen... For years he has proclaimed how he secured victory for his people by kicking the white colonists out... Only to let in, and laud the Chinese financial colonists' — unfortunately he will be long dead by the time his cronies wake up to the fact that the Chinese will have become their masters... And how they will cry out for liberation from their Chinese oppressors!

The Jesuit Refugee Service (JRS) is an international organisation (U.N.) with a mission to accompany, serve and defend the rights of refugees and forcibly displaced persons in more than fifty countries worldwide. This is all a subterfuge as they are the ones who orchestrate the mayhem in the first place. Their main areas of work is in the field of emergency assistance, education, and advocacy, income generating activities, pastoral care, social services, reconciliation and community building. Faith & Justice was a concept first discussed at the General Council meeting of 1975, which birthed the liberation theology teaching.

Over the ensuing years it was fine-tuned and then adopted (GC 34) in 1995) as the primary focus (calling) of the global Jesuit order, which is encapsulated as follows: **Faith belongs to the religious world, and justice belongs to the political and secular world.** The Jesuits have successfully married the two with devastating results!

Multi-Cultural Societies in order to extinguish the Caucasian Protestant Heritage

Via the JRS we see the Jesuits, along with the United Nations **carrying forward their socialistic (Catholic) multicultural doctrine around the world today with millions in many continents being moved in all directions — with the sole purpose of destroying the cultural base of the host nations.** It is a proven fact that non-Caucasian refugees very rarely assimilate into the host country's culture; and in relation to the Moslems, they aggressively promote their own culture (religion). And in the case of the USA, predominantly catholic Mexicans/South Americans have been flooding into the US in the past few decades. Owing to the powerful catholic influence over the Obama administration the number of individuals crossing the southern border has reached crisis levels. In addition, tens of thousands of unaccompanied minors are flooding-in, completely overwhelming the authorities. And guess what? The JRS with their ubiquitous offices strewn across the length of the porous border are there welcoming these majority illegal Catholics into the USA. Of course, the JRS priest and laity speak the language of these illegals — literally and figuratively (meaning all the Catholic stuff). **The author sees no problem with multi-cultural relations between true Christians as Christ should be their common denominator.**

The Wisdom of President Roosevelt

*"In the first place, we should insist that if the immigrant who comes here in good faith becomes an American and assimilates himself to us, he shall be treated on an exact equality with everyone else, for it is an outrage to discriminate against any such man because of creed, or birthplace, or origin. **But this is predicated upon the person's becoming in every facet an American and nothing but an American ... There can be no divided allegiance here. Any man who says he is an American, but something else also, isn't an American at all. We have room for but one flag, the American flag ... We have room for but one language here, and that is the English language ... and we have room for but one sole loyalty and that is a loyalty to the American people.**" - Teddy Roosevelt, 1907.*

"In other words, what Roosevelt was saying as it is applied to today's America, is that Muslims or any other vetted people group are welcome, but only as it relates to them becoming American citizens. Make allowances for Sharia Law? NO. Change our customs to suit Muslim customs? NO. Ban pork from any restaurant?" NO. Ack: [Geoffrey Grinder](http://www.NowTheEndBegins)-www.NowTheEndBegins.

Tell women to dress more modestly because it offends Muslims? NO. Make newspapers and magazines stop publishing things offensive to Muslims? NO. Change anything at all because Muslims don't like it? NO. I could go on but you get the idea. [Geoffrey Grinder](http://www.NowTheEndBegins)-Now The End Begins.

“There is no room in this country for hyphenated Americanism. When I refer to hyphenated Americans, I do not refer to naturalized Americans. Some of the very best Americans I have ever known were naturalized Americans, Americans born abroad. But a hyphenated American is not an American at all. This is just as true of the man who puts “native” before the hyphen as of the man who puts German or Irish or English or French before the hyphen. Americanism is a matter of the spirit and of the soul. Our allegiance must be purely to the United States. We must unsparingly condemn any man who holds any other allegiance.” - Teddy Roosevelt, New York City, 1912

Once you allow for multiculturalism, like England has done, the death of your own culture is sure to follow. Mass immigration has left Britain an "unrecognizable" country that many people would not want to leave to their children and grandchildren, [Nigel Farage has said](#). In one of his strongest attacks on immigration policy, **he said the arrival of migrants has some British people feeling that parts of the country are now alien to them.**

Hot Off the Press: An NTEB Special Report, we have recently received information that [the Catholic Church received payments totaling almost \\$80,000,000](#) to facilitate the flow of undocumented and illegal immigrants into the United States in 2014. This is six million dollars more than they were paid in 2013. www.NowTheEndBegins.

Now we know why Pope Francis is so eager to push Obama's insane flood of illegal migrants, he's getting paid millions to do it! Currently it is estimated that 26.5% of the vote in the US is Catholic, and that the population of the US is around 321 million. And it is estimated that by 2020 it will be in the region of 332 million.

Furthermore, it is projected that the Caucasian race in the US will represent around 50% of the population by 2030. And that shortly after 2030 the Caucasian people will be on the slippery slopes of becoming a minority — thereby signalling the total capitulation of the greatest protestant nation the world has ever seen! And not one shot was fired, so to speak. **Also hot off the press:** [Cuban immigration to U.S. surges as relations warm](#). **The number of Cubans who have entered the U.S. has spiked dramatically since President Obama last year announced a renewal of ties with the island nation. Overall, 43,159 Cubans entered the U.S. in fiscal 2015, a 78% increase over the previous year.** Ack: PEW RESEARCH CENTER

Today, Catholics command positions of high standing in just about all aspects of American life, directly or indirectly through their myriads of organisations. Even in the Senate they carry the majority vote. And many of Obama's top advisers in various fields are Catholic — his speech writer, is a Jesuit priest who of course wears normal clothing, thereby fulfilling one the Jesuit norms, that is: 'to be all things to all men'! Black is white and white is black, right?!

As of 1st July 2014, the make-up of the Supreme Court Judges is as follows: Six Roman Catholics serving on the **court** (Samuel Alito, Anthony Kennedy, John Roberts, Antonin Scalia, and Sonia Sotomayor, and Clarence Thomas) and three Jews (Stephen Breyer, Ruth Bader Ginsburg, and Elena Kagen). Therefore, it goes without saying, that any issues brought before the full bench of judges that are contrary to the direct teachings of the mother church are bound for a bumpy ride given that six of the nine judges are biased towards their catholic masters — priests, bishops and Pope. Also it should be mentioned that Obama's senior Military and Foreign Policy Advisor was Major General Jonathan Scott-Gration, a fighter pilot whose masters' degree is from Georgetown University, the oldest Jesuit institution in America. He has been asked by Obama to head up the National Aeronautics and Space Administration (NASA).

The following is an excerpt regarding the late, F. Tupper Saussy's personal experience... “No, originally I'm from New Orleans.” “I have lots of cousins in New Orleans,” I beamed. He seemed to get a little edgy. “Well, the name Saussy is not unknown there,” he said. **One of my favorite cousins lives in New Orleans,**” I said, and named my cousin. **“He's your cousin? Why, he and I were ordained together.” “Ordained?” I asked. “My cousin is a Jesuit priest. Are you a Jesuit?” “Yes,” said my prosecutor, now visibly agitated. “You know, I might have to recuse myself....”** “I've got a better idea, drop the charges.” “Oh no, I couldn't do that.” The dialogue ended suddenly with the hoarse drawl of a bailiff announcing that court was now in session (Saussy: Rulers of Evil, Page 15).

Are not the actions of the above priest deceit of the highest order and clearly reveals the insidious and stealthy modus operandi of the Jesuit order? The end justifies the means! Also, the above clearly demonstrates the reality of how effective the RCC infiltration of the US has been in that the prosecutor under the garb of the legal fraternity is a full-on ordained Jesuit priest intent on doing his father's (Satan) business... and in this case, to unlawfully convict Saussy — a non-Catholic. Seemingly, there is no action of any kind that can be undertaken by the Government, or quasi government institutions without Catholic influence being brought to bear somewhere.

1st Time Ever that a Pope Addresses Congress

Another matter worth noting, is that during Pope Francis's first visit to the USA he was invited to address Congress — **this was the first time a Pope has ever address Congress in the entire history of the USA.**

Obama's Cabinet

Secretary of State	John Kerry
Secretary of the Treasury	Jacob Lew Jew (Jesuit trained)
Secretary of Defense	Ashton B. Carter
Attorney General	Loretta Lynch
Secretary of the Interior	Sally Jewell
Secretary of Agriculture	Tom J. Vilsack
Secretary of Commerce	Penny Pritzker
Secretary of Labor	Thomas E. Perez
Secretary of Health and Human Services	Sylvia Mathews Burwell
Secretary of Housing and Urban Development	Julián Castro
Secretary of Transportation	Anthony Foxx
Secretary of Energy	Ernest Moniz
Secretary of Education	<u>Arne Duncan</u>
Secretary of Veterans Affairs	Robert McDonald
Secretary of Homeland Security	Jeh Johnson

Roughly 30% of Obama's cabinet is believed to be Roman Catholic. And of course, we must not forget that the vice-president, Joe Biden is a Roman Catholic. Obama is not unmindful of the power and influence of Rome in the United States and other parts of the world. He has to deal with the powerful Holy See. So he took steps to address their concerns as best he could, knowing that he was not in harmony with Rome on key social issues.

During the recent presidential campaign a web blog was published on the website of the Jesuit magazine *America*. It listed the names of Obama's unofficial Roman Catholic advisory team which is called his "Kitchen Cabinet." The purpose of this particular advisory team is to help Obama navigate the special problems that arise because the Catholic Church is so very influential in American politics.

Obviously many Roman Catholics are clearly more liberal than their church when it comes to abortion, same-sex marriage and other social issues. Obama needed advice, but more importantly he needed a solid group of respected Catholics to draw Catholic votes. It should be noted that he did not form a Baptist advisory committee or even an Evangelical advisory committee.

They also wield a lot of power in U.S. politics, but not like Catholics. This fact tells us that Rome's influence and power is obviously far more than the Baptists and Evangelicals, perhaps combined.

Obama's Roman Catholic Kitchen Cabinet is comprised of the following high-profile individuals: **National Co-Chairs:** Senator Bob Casey and Representative Patrick Murphy (PA-08) Former Congressman Tim Roemer, President of the Center for National Policy Governor Kathleen Sebelius of Kansas, **Governor Tim Kaine of Virginia**, Tom Chabolla, Assistant to the President, Service Employees International Union, Victoria Reggie Kennedy, President, Common Sense About Kids and Guns, Sr. Jamie Phelps, O.P., Professor of Theology, Xavier University Sr. Catherine Pinkerton, Congregation of St. Joseph.

National Steering Committee: Mary Jo Bane, Professor, Harvard Kennedy School, a Graduate of the Foreign Service School of Georgetown (Jesuit) University, Nicholas P. Cafardi, Catholic Author and Scholar, Pittsburgh, PA, Lisa Cahill, Professor of Theology, Boston College, M. Shawn Copeland, Associate Professor of Theology, Boston College, Ron Cruz, Leadership Development Consultant, Burke, VA, Sharon Daly, Social Justice Advocate, Knoxville, MD; Richard Gaillardetz, Murray/Bacik Professor of Catholic Studies, University of Toledo, Grant Gallicho, Associate Editor, Commonweal Magazine, Sr. Margaret Gannon, IHM, Scranton, PA, **Don Guter, Judge Advocate General of the Navy (2000-2002) Rear Admiral, Judge Advocate General's Corps, U.S. Navy (Ret.), Pittsburgh,**

PA, Cathleen Kaveny, Professor of Law and Professor of Theology, University of Notre Dame (Jesuit), Jim Kesteloot, President and Executive Director, Chicago Lighthouse; Vincent Miller, Associate Professor of Theology, Georgetown (Jesuit) University, David O'Brien, Loyola Professor of Catholic Studies at the College of the Holy Cross, Peter Quaranto, Senior Researcher and Conflict Analyst, Resolve Uganda (Notre Dame Class of 2006), Dave Robinson, International Peace Advocate, Erie, Pennsylvania, Vincent Rougeau, Associate Professor of Law, University of Notre Dame, Mary Wright, Inter-Faith Liaison, Louisville, KY, National Leadership Committee **Governor Jim Doyle of Wisconsin**, Former Senator Majority Leader Tom Daschle, Senator Richard Durbin of Illinois, Senator Edward Kennedy of Massachusetts, **Senator John Kerry of Massachusetts**, Senator Patrick Leahy of Vermont, Representative Xavier Becerra of California, Representative Mike Capuano of Massachusetts, Representative Lacy Clay of Missouri, Representative Jerry Costello of Illinois, Representative Bill Delahunt of Massachusetts, Representative Rosa DeLauro of Connecticut, Representative Anna Eshoo of California, Representative Raul Grijalva of Arizona, Representative Patrick Kennedy of Rhode Island, Representative John Larson of Connecticut, Representative George Miller of California, Representative James Oberstar of Minnesota, Representative Linda Sanchez of California, Representative Carol Shea Porter of New Hampshire, Representative Peter Welch of Vermont. **James Martin, SJ** (Jesuit priest).

One wonders... in such a democratic country as the USA, why is there no Protestant, Jewish, Moslem, Wiccan, etc. kitchen cabinets as well? Although Obama declares himself to be Moslem, he has strong ties to various Catholic institutions — past, present, and no doubt going into the future as well.

Remarks by the Obama at the Recent Catholic Health Association Conference:

My first job in Chicago when I moved after college to work as a community organizer -- **my first job was funded by the Campaign for Human Development, an anti-poverty initiative of the Catholic Church. And my first office was at Holy Rosary Church on the South Side of Chicago, across from Palmer Park.** (Applause.) You're clapping there -- she knows Holy Rosary. (Laughter.) And the task was to work with parishes and neighbours and faith and community leaders to bring low-income people together, to stitch neighbourhoods together, clergy and laypeople. And the work was hard, and there were times where it was dispiriting. We had plenty of setbacks. There were times where I felt like quitting, where I wondered if the path I'd chosen was too hard. But despite these challenges, I saw how kindness and compassion and faith can change the arc of people's lives.

And I saw the power of faith -- a shared belief that every human being, made in the image of God, deserves to live in dignity; that all children, no matter who they are or where they come from or how much money they were born into, ought to have the opportunity to achieve their God-given potential; that we are all called, in the words of His Holiness Pope Francis, "to satisfy the demands of justice, fairness, and respect for every human being."

"And at the time, when I had just moved to Chicago, the Cardinal there was Cardinal Bernardin, an extraordinary man. And he understood that part of that commitment, part of that commitment to the dignity of every human being also meant that we had to care about the health of every human being.

And he articulated that, and the Church articulated that, as we moved at the state level in the Illinois legislature, once I was elected there later on in life, to advance the proposition that health care is not a privilege, it is a right." "And that belief is at the heart of the Catholic Health Association's mission. For decades, your member hospitals have been on the front lines, often serving the marginalized, the vulnerable and the sick and the uninsured.

And that belief is at the heart of why we came together more than five years ago to reform our health care system -- to guarantee that every American has access to quality, affordable care." "So I'm here today to say thank you for your tireless efforts to make health reform a reality. Without your commitment to compassionate care, without your moral force, we would not have succeeded. (Applause.) We would not have succeeded had it not been for you and the foundation you had laid. (Applause.)..."

Corporate America

Don't think that corporate America is beyond the pails of the Holy See, either! The Hurst family and many other extremely wealthy families in the US are Roman Catholic. Via the Vatican Bank, the Holy See has major investments in fixed and non-fixed assets around the world — from Fiat Motor Corporation, to the Boeing Aircraft Corporation, to the Internet, etc. The majority of her investments are done through investment houses via front companies. It was recently discovered that Vatican Bank (IOR Division) had purchased shares in a pornographic production house. And when the IOR (Vati-Bank) was questioned over this issue, they said they had no knowledge of the event because in many instances bulk share purchases are made by their agents. Also, they control the media via Fox News' Knight of Malta media mogul Rupert Murdoch, who is a Jesuit asset.

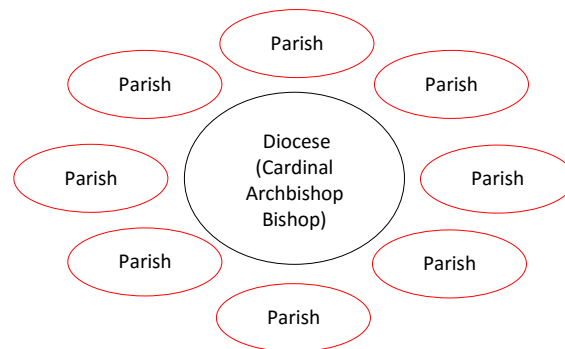

Pastoral Power & Catholic Action in the USA

'Catholic Action' ('Catholic laity in action') working from grass-root levels up is the most effective intervention by Catholics world-wide in relation to their local communities.

They do this by sitting on various advisory boards, or governing bodies of the following entities: Municipal Offices, Fire/Police Departments, schools, colleges, day-care facilities, hospitals, clinics, businesses, etc., they are able influence for change. This influence is generally achieved via the voting procedure, which in turn brings about their desired outcomes. **The following phrase best describes catholic-action: the power to mobilize, to justify, and to legitimize action!** This is achieved via the hierarchal chain of command.

Given that there are around 17,644 parishes in the US the exponential factor of catholic-action is mind-boggling! As already elucidated in this document, many of the religious orders have a large laity component to them.

Diagram B

There are 17,644 parishes/churches in USA, and it is estimated that the Catholic population of the US is around 85 million

The above parish figure exclude the Military Archdioceses of the US Military Services, H/Q in Washington, D.C. Picture on right is of a Catholic chaplain ministering to American [Marines](#) and [Sailors](#) in [Tikrit, Iraq](#). As of April 2013, about 25% of the U.S. armed forces are Catholics (Wikipedia). The first allegiance of these Catholics is to the Pope, not to their

respective commanding officers. And should there be a conflict of interest in this regard — they are bound to the Pope, owing to the fact that according to Catholic dogma salvation is to be found only in the Catholic Church.

An integral component of the laity action is the various orders of knights: [Knights of the Southern Cross](#) -

[Knights of Da Gama](#) - [Knights of Marshall](#) - [Knights of Columbus](#) - [Knights of Peter Claver](#) - [Knights of St Columba](#) - [Knights of St Columbus](#) - [Knights of the Southern Cross](#) - [Knights of St Mulumba](#) - [Knights of St Virgil](#) - [Fraternal Order of SS Peter and Paul](#) - [Knights of St Gabriel](#) - [Knights of St Thomas the Apostle](#) - [The Order of Our Lady Queen of Peace](#) - [Knights of St Thomas More](#).

The aforementioned are some of the Catholic laity Knights organisation in operation today. These various orders are military orders approved by the Holy See and generally perform voluntary duties in their respective parishes. However, as they are structured on military lines — one order from the Bishop and that posture can very quickly change — make no mistake!

"The Knights of Columbus is a fraternal organization of Catholic men with a membership of nearly 1.2 million The Knights bought for \$6.5 million the land on which **Yankee Stadium** in New York stands . . . Thus when in October 1965, Pope Paul [Paul VI] went to New York City to visit the United Nations and later at a pontifical mass in Yankee Stadium, His Holiness in effect was on home ground." Mark Phillips' and Cathy O'Brien's Trance: Formation of America.

There are other orders of Knights, namely the Knights of the Order of St John, the Knights of Malta, etc. which has a different function from the above-mentioned and are global orders and are most likely under Jesuit/Opus Dei control, or influence. **The Sovereign Military Order of Malta**, a Christian militia formed in the 11th century, before the first Crusades, with the mission of defending territories that the Crusaders had conquered from the Muslims.

The Knights of Malta are a secretive religious order with a long and bloody history and unique status under international law. It prints its own postage stamps and coins and enjoys observer status at the United Nations, which classifies it as a non-state entity like the Red Cross. The Knights maintain diplomatic relations with 104 countries.

The Americans, Scott & Kimberly Hahan, originally came from very strong Protestant backgrounds (supposedly knew the Bible well) and converted to Catholicism in the 90's (I think?). Shortly after, they jointly pursued a ministry aimed at bringing Protestants/Episcopalians/Pentecostals into the Roman Catholic stable (fold). In the ensuing decades they have been very, very successful in that they have deceived tens of thousands of individuals around the world to return to Rome.

Another individual that has done the self-same thing is Patrick Madrid. **...and souls of men.** Rev 18:13. Unless these individuals miraculously repent — I am convinced that they will ultimately end up in the Lake of Fire.

United States Conference of Catholic Bishops

Those who underestimate the wealth and power of the US Bishops err greatly! These individuals, and Bishop's in general, are referred to by the Holy See as her Princes and by divine mandate (already discussed) are actually Kings of the various provinces they rule over; and therefore, as Kings all individuals are subject to them as well as all the wealth (assets) that the province possess. This is the Law of the Universal (Catholic) Church and is applicable to all nation states that make up the entire world today — whether nation states accept this supposition is irrelevant as far as the Church is concerned!

Non-Catholics do not really understand the immense power the priest has over his flock (as an ex-catholic I can vouch for this). In most cases the congregants really love and TRUST their priests, so what he says is generally accepted for the greater good. Below are some of the issues the United States Conference of Catholic Bishops as a whole is involved with. And of necessity are heavily dependent upon the Catholic action concept at grassroots level to bring about many of these desired outcomes. The Government funds many of these endeavours:
